## Hockey & Rugby Tour 2022

Ireland and England

# Craighouse School pupils live the school values through Social Service and Experiential Learning activities

*The Charles T. Darling Educational Foundation wishes the 1<sup>st</sup> XI hockey team and 1<sup>st</sup> XV rugby team every success on their forthcoming tour to Ireland and England.*

# Hockey & Rugby Tour 2022

Ireland and England

# Craighouse School

Mr Charles T. Darling and his wife, Joan Gibson-Craig-Carmichael, founded Craighouse School. It began as a bilingual boys' school in a rented house at La Concepción 236 with a roll of 58 pupils, a quarter of whom were boarders. The name of the school stems from Mrs Darling's surname Craig, to which the word 'house' was added to reflect its family-oriented ethos.

1959

In 1967 the school began a gradual move to its new premises at the intersection of Manquehue and Apoquindo, where the first Kindergarten level was opened.

1967

In 1976 Mrs Darling received the MBE (Member of the British Empire) from Her Majesty Queen Elizabeth II for her commitment and diffusion of British culture outside Great Britain

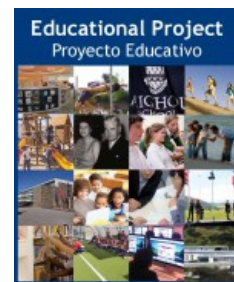

1976

On May 31<sup>st</sup> 1990 in order to further the school's original goals and consolidate its institutional status, the Charles T. Darling Educational Foundation was granted legal status under Supreme Justice Decree No. 763.

FUNDACIÓN EDUCACIONAL  
Charles T. Darling

1990

In 1994 Mr Peter Lacey was appointed headmaster, a position that he holds until the present. Under his leadership, and with the close collaboration of Mrs Darling, the school's first Educational Project was written. This document clearly defines the philosophy, values and principles that guide the school.

1994

1962

In July 1962 Craighouse School moved to a large mansion in Apoquindo 5412, which again proved to be too small to accommodate the increasing demand for places.

1971

1971 marked the closing of the boarding school and the admission of the first girls. It was also the year when Mr Charles T. Darling, founder and headmaster, passed away. Mr Willy Pérez succeeded him in the role of headmaster, while Mrs Darling continued as Director General until she retired in 2002.

1981

On June 5<sup>th</sup> 1981, Mrs Darling was presented with the "Orden al Mérito Docente y Cultura Gabriela Mistral" by the Chilean government during the inauguration of the new building in La Dehesa.

1993

The school was authorised by the International Baccalaureate Organisation (IBO) to offer the IB Diploma programme to pupils of Years 11 and 12.

# A brief history

In 2007 the Board of Directors made the decision to sell the school's playing fields on José Alcalde Délano and buy 24 hectares of land on Av. Paseo Pie Andino, Lo Barnechea. This visionary step allowed Craighouse School to accommodate both school and playing fields on a single integrated campus, the only one of its kind in Latin America.

2007

On November 7<sup>th</sup> 2009, the new playing fields on Av Paseo Pie Andino 8837 were inaugurated, making the end of the first stage of the Craighouse School Campus Project. The school has two grass fields for football, rugby and athletics; and two state-of-the-art synthetic fields for hockey.

2009

On March 28<sup>th</sup> 2013 Mr Fernando Siña Gardner, President of the Charles T. Darling Educational Foundation, presided over the inauguration of these new Craighouse School buildings. The traditional ribbon-cutting ceremony was carried out in the presence of all pupils and teachers. Our founder, Mrs Joan Darling, her daughter Judith and her son Richard attended the ceremony where we remembered the early days when Mr Charles T. Darling and his wife had given life to Craighouse School 55 years before.

2013

Presently Craighouse School has nine Science labs, eleven mini Music studios, six Music rooms, three Visual Arts rooms, one Greenhouse, two technology rooms, four IT rooms, five Religion rooms and two inquiry centres, all of which have been designed to meet the educational needs of the 21<sup>st</sup> century. Our facilities allow us to have approximately twenty pupils per class, in order to further enhance our Educational Project.

For sports the school has four grass fields for football, rugby and athletics; and two state-of-the-art synthetic fields for hockey. The facilities include changing rooms for pupils, referees and staff, an infirmary and a quincho, built and equipped to the highest standards of technology available, to provide our families and community with a comfortable meeting place.

Today

2004

In 2004 the school embarked on an extensive curriculum revision. The result is a curriculum with an inquiry-based focus, which prepares pupils from Playgroup to Year 12 to develop high academic standards.

2008

The school was granted full IB status as a Continuum School. It currently offers the three complete programmes:

- PYP (Primary Years Programme)
- MYP (Middle Years Programme)
- DP (Diploma Programme).

2011

In August 2011 work began on earth moving, and with it, the second stage, which included the building of the new school, with modern facilities

2014

On December 8<sup>th</sup> 2014, Mrs Darling passed away. She lived to the age of 95, and was able to see her school safely installed on the new campus. It was as if she had waited for this time to move on herself. Reverend Alfred Cooper led the service in the school, where the community bid farewell to this extraordinary woman.

# Headmaster

We are back! After the sad but unavoidable cancellation of the 2020 UK Sports Tour, it is wonderful to see our young sportsmen and sportswomen, gearing up to compete internationally once more. They will wear the school colours with pride for all the world to see, representing both the values of our school and the spirit of our community once more

I would like to thank in advance all our hosts for their kind hospitality and I am sure that the sporting, cultural and social exchange between our pupils and their counterparts in Europe will be an enriching experience for everyone.

Finally, a great deal of thanks is due to all the staff, parents and pupils who have worked so hard to make this happen in spite of the obvious obstacles. To the tour party itself I would just like to set the following challenge; enjoy this experience of a lifetime and do us all proud.

**Patrick Lyons**  
**Headmaster**  
**Craighouse School**

# *Head of Delegation*

Following the unfortunate cancellation of our 2020 tour due to the global pandemic, I am thrilled to be returning to touring and leading Craighouse School's 20th Sports tour to Ireland, the UK and Spain in 2022. The tour is due reward for the dedication, effort and sacrifice of our young men and women representing Craighouse School on the sports fields over many years and the memories will stay with them forever.

Our hockey and rugby teams have an excellent reputation when touring overseas and we have had the opportunity to play against some outstanding schools. We look forward to renewing traditional rivalries and forming new links, whilst having the opportunity to experience different cultures along the way.

I want to express our gratitude to the many individuals and organisations that have made the tour possible. This is a community effort and we will endeavour to represent our school, country and families with pride and responsibility.

To those schools and families that have offered to receive us on tour, your hospitality is very much appreciated and we look forward to visiting, sharing and leaving a positive image both on and off the field.

Thank you to the 6 staff members accompanying me on tour. Your dedication and guidance is very much appreciated in allowing our students to "live-their-dream" and I am sure you'll have a great time along the way.

Lastly, to the 49 students lucky enough to be travelling - be grateful for this opportunity and enjoy every moment of what will be a truly unforgettable experience.

## Captain

As an athlete at our school, the Hockey and Rugby Tour is what you aspire to, and want to go to from a very young age. To have the opportunity to be part of it is a privilege that not everyone has. Today I feel a tremendous satisfaction for having achieved this great goal for me as well as all my teammates.

The road has not been easy for any of us, so I think that first of all it is appropriate to thank all those who make this possible, the sports teachers, who support us to achieve our objectives in this area, the parents who have always been by our side, allowing us to meet the commitment and dedication that this sport requires.

For us, this tour carries a great responsibility as we are important references for the younger generations, and it is an occasion to leave our school and families at the top.

This means that we must at all times reflect the values that shape us, both on and off the pitch. Hockey allows us to develop people with very valuable values; personally it enriches me by strengthening my tolerance, frustration management, discipline and empathy allowing me to be a better person, as it does with my peers.

By being named captain of the first hockey team on this tour, I felt very proud because it is a very significant achievement. It shows my effort and dedication for many years. To be able to lead this group of great players, people and above all friends, is a great responsibility to which I am committed and I will give my best. On the other hand, the fact that the staff trusts me also makes me feel confident and prepared for this challenge. We have managed to form a united team that goes for the same dream, which generates a greater connection between all of us.

Once again I want to thank the staff and families who made this tour possible despite the effects of the pandemic. I have no doubt that this will be one of the best experiences of our lives, very fulfilling and full of anecdotes.

## Captain

I would like to start by thanking the school for giving us this incredible opportunity to participate in the Hockey and Rugby Tour 2022 and making it possible despite the current world situation. I would like to start by thanking the school for giving us this incredible opportunity to participate in this Hockey and Rugby tour 2022, and making it possible despite the current world situation.

For us as students and athletes it is a privilege to represent our country, school and families in the sport we love.

The nomination process for this tour was very tough and took a lot of time, effort and dedication. I have no doubt that choosing the list was not easy for the staff, as everyone showed great ability. I want to congratulate all my teammates who were part of this process. This tour is the result of hours of sacrifice, passion and commitment. During the training sessions we have formed a very close group that is capable of many things. We have all shown that we are united by the same dream and objective, which will allow us to grow even more as a group.

I am grateful and honoured to be named captain of the 1st XV and UK Tour 2022 and lead these great players. I have dreamt of this tour since I was a young boy and to go as captain is a result of all my hard work and time dedicated to rugby. I am sure that each and every one of us is willing to leave everything both on and off the field.

On behalf of all the players I want to thank all the coaches and parents who have moulded us into who we are today and all those who have accompanied us during this long journey. I am anxious get underway and I am sure the tour will fulfill all our expectations and it will stay in our memories forever.

Once again, many thanks to everyone and now it's just time to enjoy the experience!!!
