Note: In Craighouse School we consider danger of toxicity in school products to be a major concern. The brands in this document are by no means obligatory, they are simply a recommendation from teachers, since these brands are the most appropriate for the learning process and will directly benefit your children.

It is important that any day a pupil comes to school expecting to be taught by a teacher teaching from home, the pupil brings either a laptop or tablet.

Pupils' devices will need to be:

- Fully charged at the start of each day (use “energy saving” option and use it only when necessary).
- Capable of connecting to the school wifi and accessing the Google suite.
- In good working order.
- With plenty of available memory.
- Pupils should also bring their own headphones.
